

Technical drawing of a rectangular plate with the following dimensions and features:

- Overall width: 200
- Overall height: 200
- Inner rectangular area (dashed line): 180 x 180
- Distance from top edge to the top of the inner area: 35
- Distance from bottom edge to the bottom of the inner area: 30
- Distance from left edge to the left of the inner area: 35
- Distance from right edge to the right of the inner area: 30
- Four holes are located within the inner area, arranged in a 2x2 grid.
- Distance between the centers of the holes (horizontal): 70
- Distance between the centers of the holes (vertical): 80
- Distance from the left edge to the center of the leftmost holes: 130
- Distance from the right edge to the center of the rightmost holes: 100

Technical drawing of the front view of the terminal block. It shows a 2x12 pin configuration. The top row of pins is numbered 6 through 13. The bottom row of pins is numbered 1 through 4. The overall width is 45mm. The height from the bottom of the unit to the top of the pin 1 is 83.5mm. The height from the bottom of the unit to the top of the pin 13 is 93mm.
